Foodborne Outbreak Investigations - How Did We Get Here?

Presented By: Irene Mentis, CFIA

This presentation will outline the events and government departments involved in activities that occur before a recall takes place when there is an outbreak situation.

BIO:

Irene began her career with the government in 1986 in the Food Microbiology Lab. Since then, she has held positions as a Food Inspector, Drug Inspector, and Area Recall Co-ordinator. Currently, her job title is Microbiology Program Specialist for the Import Manufacture Food Program with the Canadian Food Inspection Agency.

Food Allergen Regulations In Canada

Presented By: Lori Shushack, CFIA

An update on Canada's food allergen regulations.

BIO:

Lori began her government career in 2008 as a Manufactured Foods/Food Safety Specialist with the Canadian Food Inspection Agency. Lori has been working in the manufactured food labelling section of the Food Safety Program and has a great deal of knowledge on Canada's food allergen regulations and food labelling.
